There is just something about Brazilian women that fascinates me.

I don't know if it's their typically tanned bodies with those tan lines across the crack of their ass and nipples, their seemingly natural sexual rhythm or their exotic looks but...

Damn they're sexy!

Regina and her 38 inch hips is no exception.

Fuck Life

True stories of my sexual adventures

Monster Tits

By Ron L. Cummings

Names and places have been changed to protect the not so innocent.

The first time I saw Traci was during a cruise with one of my friends from the neighborhood. We were riding down a street in the neighborhood we he spotted her and called her over to car.

She was wearing these really tight shorts and a tank top. She was bone thin with hardly any ass but this unnaturally huge tits.

If you're a breast man like I am, you know that if you see a woman with huge breast strapped down by a bra then when those puppies are let loose then watch out.

The two of them engaged in some small talk before we drove off and I asked about her. He told me that she lived around the corner from him which was about 10 minutes from where I lived.

Traci was about 5'2" with good hair and a light complexion. I would almost consider her a freak because of the way she was built. Like I said before she was bone thin, though she had nice looking legs with a set of tits that probably made up most of her body weight. She was like looking at a pencil with two golf balls strapped to it. The other thing that she had going for her was she was EXTREMELY attractive. Very pretty face!

She looked a lot younger than she actually was.

So I asked my friend the usual guy questions...

Are you fucking her? - No

Are you trying to fuck her? - No

Can you hook me up? - Yep

So we went back to his place and he called her and put me on the phone with her.

After some small talk I told her that I thought she was attractive and asked her if she wanted to go out some time.

We hooked up for a movie later that week and hit it off immediately. I'm talking holding hands, cuddling and exchanging kisses - first date, during the movie! I'm not even sure how much of the movie we watched because we were so into each other.

After the movie, we drove to this deserted park.

Of course, it was to enjoy the weather and talk but it didn't take long for our conversation to turn to tonsil hockey and before I knew it her shirt was up and she had the tip of my cock at the back of her throat in what I can only describe as a porn star quality blow job complete with sound effects.

I have to admit that it took very little on my part to bring her to that point - we kissed, I pulled her shirt up and bra up (I was dying to see those tits) she pulled my cock out and went to work.

She sucked and slurped until I released my load into her mouth and true to porn star form she let the cum run from her mouth, down her cheek and onto my shirt before she slowly returned to sucking me cleaning me up. She slowly pulled and sucked up every drop.

I took her home and promised that I would call her in a couple of days for another date.

The next day she called and asked if I would come by to see her.

I knew what she wanted, so I showered, grabbed some condoms and headed over.

She answered the door wearing a short blue robe that hit her just below the thighs.

She invited me in and headed back to the couch in her living room. As I closed the door behind me, I could smell the joint that she was smoking that was still laying lit leaning on the side of the ash tray on the side of the coffee table.

She sat down, picked it up and took a long drag with her legs wide open. I got a good look at her nicely shaved pussy for the first time.

I sat beside her and she offered a drag but I turned it down - not my thing.

We sat there watching TV with her lower half fully exposed while she finished off her marijuana stick before she began to replay the night before.

She went to work on my cock, sucking what was already rock hard almost to the point of ejaculation before stopping and telling me to wait there until she called me.

I did as I was told and a few minutes later she called me back to her bedroom.

When I walked in I found her laying on the bed completely undressed with her legs spread wide open on her bed.

I was out of my clothes faster than Google loads.

I slipped on a condom and went to work, her pussy already dripping wet, she came over and over...

And over...

And over...

And over...

And over...

And over...

And over...

Again!!!!!!

I'm not bragging, she literally came like she had been saving them for rainy day.

It was almost ridiculous!

This was just while I was pounding her missionary position. I loved watching those huge tits flopping back and forth. When we switch to doggy style it was almost like she was faking it.

It wasn't until she got on top and pounded me with her tight pussy, with those huge tits smacking me in the face the I lost my load.

After, she did her dismount and played with herself for about a minute until she came again.

We laid there a couple of hours until I initiated round two. I had the pleasure of experiencing another fantastic blow job while I fingered her - again with repeated orgasms - until I let another load go across those monster tits.

Good times - see ya' next month, next adventure!

Adult Performers Gearing Up for Cal/OSHA Hearing in San Diego

LOS ANGELES—Adult performers Maitresse Madeline and April Flores are preparing to take a stand next Thursday, May 21, when the Cal/OSHA board meets in San Diego to review proposed set regulations, including mandated condoms—and they're putting out the word to encourage other members of the adult community to join them.

“We’re the most important part of this discussion, and yet we’re routinely shut out,” said Maitresse Madeline Marlowe, who is helping organize transportation for performers who wish to be at the hearing. “We want to make sure the regulations Cal/OSHA issues reflect our needs and reflect our experiences. Attending the hearing is crucial for us.”

The Cal/OSHA meeting on May 21 will address workplace safety in the adult industry, including the issues of mandatory testing, vaccination, condoms and medical record keeping. Draft regulations issued last year went even further, suggesting that adult performers might be required to wear goggles to avoid ocular infections, and dental dams for oral sex.

The new regulatory push is can largely be attributed to Michael Weinstein, head of AIDS Healthcare Foundation, which has battled adult performers over mandatory condoms for over five years. Last year, Weinstein called adult performers a threat to public health, and suggested that they transmit STIs to the general public.

Performers are tested every fourteen days for a slate of STIs, including HIV. performers fear that mandatory condom regulations will lead producers to abandon the testing system altogether, or encourage other productions to go underground, without testing or condoms.
